## Alger Hiss Will Be Out Of Federal Prison Nov. 27

WASHINGTON (AP)—The Justice Department said today statutory requirements make it mandatory for Alger Hiss to be conditionally released from the Lewisburg (Pa.) Federal Penitentiary Nov. 27.

Hiss, on that date, will have served nearly three years of a five-year sentence for a perjury conviction. The former State Department official was convicted of lying in denying he passed government secrets to a Communist spy ring prior to World War II.

A Justice Department spokesman, asked if there is any prospect that Hiss' prison term could be extended beyond Nov. 27 in the event protests are lodged or new charges brought, said no.

Actually, he explained, Hiss became eligible for parole on Nov. 21, 1952. He added that for each month Hiss has been at Lewisburg, he is given eight days off his sentence for good behavior. He said that is a provision of law.

"Such a reduction applies not only to Hiss but to any other person convicted and jailed for an offense against the United States," the spokesman said.

After his release, Hiss' status will be the same as that of other paroled prisoners. He will be required to make periodic visits to a designated parole officer for the duration of time that he would have spent in prison.

Hiss began serving his term on March 22, 1951. Were he to remain in prison for his full term, he would not be released until March 21, 1956.

The lifeless body of William A. Weisensale, 76, of 291 South St., Hanover, Conewago Twp., was found early this morning in the attic of his home. Dr. C. G. Crist, county coroner, who was called, said the death was due to hanging. Under regulations governing such procedures, Dr. Crist set the time of death at 1:20 o'clock, the time of the coroner's arrival.

Dr. Crist said Mr. Weisensale had been despondent during the day. He had been heard in the attic earlier by members of the family and in response to their calls had said he was "looking for something." When the family became uneasy and went to investigate they found he had used a rope to end his life. The family said they had taken a gun away from him earlier in the day.

Ray Weisensale, 322 South St., Hanover; Miss Merle Weisensale, at home; Mrs. James Bollinger, 135 South St., Hanover; Mrs. John Shetter, 320 South St., Hanover; Mrs. Currie Miller, 324 South St., Hanover; seven grandchildren and five great grandchildren.

**Of the Bendersville mill Dr. Dickson writes as follows:**

"An abandoned grist mill of undetermined antiquity near Bendersville (Adams County), a beautiful specimen of rugged stonework of the countryside, represents with a certain appropriateness this passing type which belonged to no particular time, place, or people. From the first years of settlement mill wheels turned in streams throughout the colonies. Agricultural Pennsylvania had its full share. In the middle of the past century, it was then claimed, more grinding mills were to be found in Lancaster County than in any comparably sized area of the Union. Manner and materials of construction, whether logs, timber with siding, masonry, brick, or various combinations of these were used, might be determined by local circumstances. Not so the building form itself, however, which with only exceptional variations was simply and expressively conceived for the operations of handling, storing and (Continued on Page 9)

## Signs Confuse Ohio Motorist; Crashes

William Franklin Burgess, 21, Canton, O., says Pennsylvania highways have him confused.

Burgess ran off the Lincoln Highway five miles east of here at 11:30 o'clock, causing \$700 damage to his car.

He told state police he was headed east, saw the sign, "paved narrow," saw a patch near the center of the highway, figured that the highway divided at that point and instead of turning to the left to move from the three-lane to the two-lane section, steered to the right. Just about that time he saw a parked car along the side of the road, realized his error, jammed on the brakes, skidded and wound up against an embankment.

Police said Burgess was more embarrassed than anything else.

## MORE THAN 1000 AT PILGRIMAGE FOR MARIAN YEAR

More than 1,000 Holy Name members from 25 parishes and their families filled Conewago Chapel to overflowing Sunday afternoon at a Marian Year pilgrimage sponsored by the Southern Regional Union of Holy Name Societies.

Members of the families of the Holy Name men from York, Adams and Franklin Counties filled three sections of the large church, and the society members themselves occupied the remainder of the pews and stood at the rear of the church. The services were broadcast to a crowd outside.

Preceding the service the men marched from the church cemetery to the church led by the DeLone Catholic High School band.

Accompanying many of the societies were Boy Scouts and Girl Scouts who served as a guard of honor.

Fire police of the Centennial, Conewago and Irishtown Fire Companies served as special police for parking and handling the flow of traffic to the historic Jesuit Mission church. Conewago Chapel, Sacred Heart Church, is one of the oldest Catholic centers in the U.S. The first Jesuit priests there said mass in wigwags for the Indians. When the first church was built there were 30 priests and 300 Catholics in the county.

**Rev. Fr. Allen Speaks**

More than a dozen priests were present in the sanctuary for the services which began with the hymn "O Salutaris Hostia" followed by the exposition of the Most Blessed Sacrament.

Following the recitation of the Rosary and the Holy Name Litany, Rev. Fr. Charles H. Allen, Diocesan Holy Name director, Lancaster, praised the group for its attendance, described other large Holy Name gatherings and said "such expressions of devotion mean little unless we carry God back to our homes in our hearts."

Following a hymn to the Blessed Mother, recitation of the Marian Year prayer and the litany of the Blessed Virgin Mary, solemn benediction of the Most Blessed Sacrament was conducted. The Rev. Fr. Msgr. Patrick F. McGee, McSherrytown, was the celebrant. Rev. Fr. Anthony F. Kane, pastor of St. Francis Xavier Catholic Church here, and Rev. Fr. Brady, York, were deacon and sub-deacon.

## COMMISSIONERS FINISH APPEAL HEARINGS TODAY

The Adams County Commissioners this afternoon at 3 o'clock completed six long weeks of daily hearings of appeals from assessments and planned to take a holiday Tuesday—Columbus Day—before resuming normal, one-a-week sessions on Wednesday.

There were still some loose ends to tie in when the last hearing was held this afternoon, but for the most part the principal work of handling appeals was finished.

This afternoon the commissioners planned to spend the last hour, from 3 to 4 o'clock in a recapitulation to find out just how the hearings went. There were more than 600 to begin with. Possibly 50 or 60 applicants failed to appear or notified, after the schedule was set up, that they did not wish to appear.

**Will Take "Several Years"**

There were a great number who agreed that no change was necessary, in their individual assessments after a hearing. There were a number who were given reductions, and a few who had slight increases made in assessments. There are some instances in which the commissioners will view the properties this week. And there were "about a dozen who were unreasonable," the commissioners noted.

They ended the sessions convinced that it will be "several years at least" until the new assessment of the county will be absolutely equal—with everyone assessed in accordance with the actual value of his property.

And they appealed to the people of the county to help them in making the assessments equal: By "going along" for the time being, by checking assessments of other nearby properties, by asking for appeals next August if their properties are out of line; by letting the commissioners know of inequalities.

**Saved Some Money**

They hope to complete the new assessment at a cost to the county of a little more than \$30,000. That figure, they feel, compares favorably with the \$150,000 spent by (Continued on Page 3)

## HAZEL SWINGS SLOWLY INTO DANGER COURSE

MIAMI, Fla. (AP)—Hurricane Hazel swung slowly into a critical position today where for the first time large land areas were under direct threat from the violent, six-day-old storm.

The giant tropical disturbance changed course from its previous west-northwesterly path and struck off toward the northeast during the night. It was moving slowly, at only about eight miles an hour, with peak winds of 115 miles an hour whirling around its center.

At 10 a. m. it was centered 750 miles southeast of Miami.

### Haiti Threatened

The Negro Republic of Haiti on the island of Hispaniola, which Haiti shares with the Dominican Republic, was under direct threat. Port Au Prince, the Haitian capital, was 220 miles to the northeast of the center.

"Hurricane winds should be felt in Haiti during the day unless the storm again comes to a halt or changes course," said Leonard Pardue, meteorologist in the Miami Weather Bureau.

"More important to Haiti is the probability that torrential rains in its mountains will cause serious floods. Most of Haiti's cities and towns are in valleys protected from the wind but wide open to floodwaters rushing down out of the hills."

### U. S. Coast In Path

A slight change in course, and this is possible with the storm moving so slowly, would carry the wind-and-water threat to eastern Cuba, where the biggest city is Santiago de Cuba and, farther east, the U. S. Navy has a base at Guantanamo Bay.

The northeastern course would place Florida and the western Bahamas in the clear if it is continued. A more northerly course would carry the threat to the central Bahamas, and a swing back to its old northwesterly course would bring a storm alert to Florida.

"These areas aren't completely out of the woods until we get a better indication of the storm's future course," said Pardue. "The storm is entering a critical area."

Eastern Jamaica, too, may feel gale force winds but only a change of course would take full hurricane winds to that British Caribbean possession.

## IKE'S REGIME DISMISSES 1743 RED SUSPECTS

WASHINGTON (AP)—The Eisenhower administration today raised to 1,743 its official count of federal workers fired or resigned with subversive data in their files. The figure was up 1,314 since last March.

The number was reported by the Civil Service Commission as of last June 30 and covered the period since President Eisenhower's new security program went into effect May 28, 1953.

The count has become a hot political issue. Vice President Nixon has said repeatedly the administration has removed "Communists, fellow travelers and security risks" from the government payroll, "not by the hundreds but by the thousands."

Democratic National Chairman Stephen A. Mitchell has challenged Nixon to name a single Communist let out under the program. Mitchell contended Nixon is lumping real subversives with such persons as loose talkers and drunks.

Many Resigned  
The new tabulation listed the 1,743 "separations" as cases in which the employees' services were "terminated," or who resigned, with their files containing "information indicating, in varying degrees, subversive activities, subversive associations, or membership in subversive organizations."

Altogether, the new tabulation showed 2,611 cases of "termination for information under 8 (A)." That reference was to the section of the Eisenhower security program covering such matters as sex perversion, felonies and misdemeanors, and all other types of derogatory material, along with information relating to subversion.

Under the same "8 (A)" heading 4,315 were reported as having resigned before determination of their cases.

That total of 6,929 separations compared with 2,486 reported last March.

The first figures put out in tabular form last March 1 showed only 2,427 out of the government payroll under the security program. 38 of them under the subversive section. The table, however, did not include Defense Department figures, which came in a couple weeks later.

HANOVER, Pa. (AP)—A head-on collision of a car and bicycle on a rural road killed 12-year-old Frederick B. Rodgers, one of 13 children of Mr. and Mrs. Ammon Rodgers, Hanover R. 3.

The boy was pronounced dead at Hanover General Hospital yesterday after being thrown from his bicycle along a rural road about 5 miles north of Hanover. The site of the accident was only 1/4 of a mile from the Rodgers home.

Mifflin County to have outside assessors come in and set up the new assessments. And the commissioners believe that by working through the local property holders and local assessors a far better job can eventually be done than by hiring outside assessors "who have to be paid out of public funds anyway." Their comparison county, Mifflin, which is about the same size as Adams, floated a bond issue to pay for its assessment.

Twenty-five of the state's counties have completed the new assessments. Nineteen of the counties have not. The state law set up in 1951 required that the new assessments go into effect within five years.

## Finish On New Oxford

In summing up the commissioners said they felt that while this year's assessment (the one just completed) will be "fairly equal" as to property valuations throughout the county, the experience gained through the appeals should make sure that the following year's assessment (the one to be made next summer) should be "just about right." Through the appeals this year the commissioners learned of several areas where full or nearly full reassessments must be scheduled for next year.

Sixteen appeals from New Oxford completed the work this afternoon. Twenty-one were heard this morning and 31 from New Oxford Friday. Six appellants failed to appear.

There are two ways to achieve this simplicity of subject matter. One is to compose your picture carefully so that nothing sticks into the subject area that will distract the viewer. The other way is more foolproof. That is to move in on your subject so that it alone fills the viewer's field.

You'll find this technique especially effective for your fall color shots. Too much color isn't a good thing in photography. It lessens the impact of the color you'd like to bring out most. A closeup picture of a partly husked ear of corn or a pumpkin on the vine is a lot more effective than a shot of the whole field of corn or pumpkins. The well-dressed woman knows how a single dash of color will often stand out more effectively than a lot of bright color. And the good photographer can put this principle to work in his pictures. Throw in an occasional general shot with a riot of color in it . . . but let most of your pictures select their colors and make the most of them.

## Anti-Red Armas Take Early Lead In Guatemala's Voting

GUATEMALA (AP)—President Carlos Castillo Armas and his anti-Communist supporters piled up astronomical leads in Guatemala's capital today as returns trickled in from balloting on the revolutionary chief's retention of office and election of a constituent assembly.

As yet, there were no results reported from outside Guatemala City. The capital had 160 polling places, the rest of the country about 3,000.

In returns from 115 of the capital's polling centers, Castillo Armas polled a whopping 31,410 "sis" in the oral plebiscite on whether he should hold the presidency from which he ousted leftist Jacobo Arbenz Guzman.

Only 174 persons spoke out against Castillo, and 15 others abstained or their votes were declared void.

The Nationalist Anti-Communist Front (FAN), a group of political parties backing the President, also pulled ahead of the Catholic-backed Civil Electoral Committee (CEE) in the returns for deputies who will write a new constitution.

In all, 66 deputies will be elected. The 115-precinct vote in Guatemala City was 19,216 for the FAN, 11,768 for the CEE, 165 for the Free Unions Federation and 339 for other scattered candidates.

The government outlawed the Communists and their left-wing supporters and voided the constitution soon after Arbenz and his Red-backed regime were overthrown. The ex-President is now in exile in Mexico.

Voters voiced their decision on Castillo Armas' continuance in office publicly. The voting on the deputies was semisecret; the ballot was read to illiterates while literates marked their ballots on

Butler township, Adams county.

The Legislature is in doubt: Suf-

SEVENTY-FIVE YEARS AGO

Deaths. Our obituary column this

week announces the deaths of two

of our most prominent citizens —

Abraham Kruse, who died on Satur-

day, aged 82 years, and D. C. Mc-

Cannon, who died on Sunday even-

ing, aged 63 years.

Mr. Kruse was a well known and

substantial farmer, for many years

resident in Freedom township. Ac-

cumulating sufficient means to re-

tire, he came to Gettysburg some

years ago and built a comfortable

residence on Carlisle street. He filled

the office of County Commissioner

from 1864 to 1867.

Mr. McCannon was in his earlier

life engaged in mercantile business

in Philadelphia, the house with

which he was connected doing a

large importing business and hav-

ing an active trade with the West

Indies and South America. Six or

seven years ago he removed to Get-

tsburg with his family. He was a

gentleman of more than usual cul-

ture. There have been few public

men of national reputation within

the last quarter of a century, whom

Mr. McCannon did not know per-

sonally. He was a man of large

physique, fine personal address,

courteous manners, and noted for

his exemption from sickness. The

disease of which he died (affection

of the heart) only developed itself

within the last few weeks, and it

was not until a few days before his

death that his friends had any spe-

cial apprehensions of a fatal termi-

nation. Funeral services were held

at the home on Monday afternoon

and on Tuesday the remains were

taken to Philadelphia for interment.

During the last week we have had

a return of genuine summer weather,

hot and sultry, accompanied by

drought. On Monday the mercury

ranged between 90° and 100°. Rather

extraordinary that for an Octo-

ber day.

The entertainment in Agricultural

Hall on Thursday night by the Sim-

mons and Rankins minstrel troop

was creditable in all respects — in

good taste, artistic and mirth-pro-

volving.

school-house in Menallen township,

## Today's Talk

### FIRSTS

There is something inspiring, uplifting, and encouraging, as well, in all firsts. It has been the firsts that have made for progress and civilization. The first wheel. The first pencil. The first stove. The first plough—and so down the line. Everything has had a first.

People who love books have gone into the collecting of first editions of books whose authors admire. All of these firsts are interesting because they stimulate others to improve upon them. No sooner does any product become useful than someone else makes a better one.

Even in a game, the one who makes the first move opens up a whole course of action and speculation. In a baseball game the first team to get a run has an advantage. I recall when the first safety razor was offered to the public, and the sensation it created. Now there are many different makes and several run by electricity! Firsts soon become memories! Gracian, the Spanish philosopher, had this to say about firsts: "Those who come first are the heirs of Fame; the others get only a younger brother's allowance; whatever they do, they cannot persuade the world they are anything more than parrots."

There is glory in the creation of firsts, however, that nothing in a material sense can equal. Edison's first electric light amazed the world. Few inventions have meant so much to all mankind. Also take the automobile and the airplane. First attempts in each were looked upon only as experiments which would amount to nothing in the end.

It is an admirable thing to be the first to forgive and the first to forget. Also to be the first to succeed in something in which everyone else has failed, like that sixteen-year-old Canadian girl, Marilyn Bell, who recently swam across Lake Ontario—the first to accomplish this remarkable feat.

Tomorrow Mr. Adams will talk on the subject: "Your Leisure Hours"

## G. A. HARSHMAN IS ELECTED NEW PNPA PRESIDENT

HARRISBURG (P)—G. A. Harshman, general manager and editor of the Sharon Herald will serve as president of the Pennsylvania Newspaper Publishers Assn. in 1955.

Harshman was elected to head the PNPA next year at the association's annual convention over the weekend. He succeeds I. Z. Buckwalter, general manager of Lancaster Newspapers, Inc.

Pittsburgh was selected for the 1955 convention.

W. Randolph Burgess, under-secretary of the treasury for monetary affairs said at the PNPA's annual banquet Saturday night that there has been no change in the "sense of responsibility for the people's welfare" at Washington despite the Eisenhower administration's campaign to cut taxes.

"The function of government is conceived as not so much to supply benefits directly to its citizens as to ensure the opportunity for them to achieve them by their own efforts," Burgess said.

### Curb U. S. Expense

He reported that in the past 21 months the rate of government expenditures has been reduced by 10 billion dollars, with the annual tax revenue cut by some 7½ billion dollars.

Burgess said that during the previous two decades, the national government "grew bigger and bigger and moved into more and more areas of the country's economic and social life."

"Some of these extensions of functions have proved proper and useful, but the trend towards centralization of power got out of hand."

"The present government has turned against this trend. The reduction in government spending and in taxes is an evidence of this change."

Richard W. Slocum, president of the American Newspaper Publishers Assn., outlined financial and economic problems facing publishers but declared the outlook is not altogether a gloomy one.

### Other Officers

Slocum is executive vice president and general manager of the Philadelphia Evening Bulletin and Sunday Bulletin.

Ross W. Buck, publisher of the Sewickley Herald, was named PNPA vice president, succeeding Richard G. Taylor, publisher of the Kennett News and Advertiser, Kennett Square.

Richard A. Swank, Lemoyne, was re-elected secretary treasurer. He is publisher of the Duncannon Record and West Shore Times.

Four new members named to the board of directors included W. F. Kegel, manager of the Ellwood City Ledger; Tom T. Andrews Jr., publisher of the New Bethlehem Leader-Vindicator; James W. Knepper, Carnegie Signal-Item; and Roland L. Adams, publisher of the Bethlehem Globe-Times.

## Emmitsburg

EMMITTSBURG — Mr. and Mrs. Paul Glass have returned from Rose Hill, Va., where they visited Mrs. Glass' father and other relatives and attended a family reunion. There were 12 members in attendance. P. L. Davis, Tulsa, Okla., a brother of Mrs. Glass, was present for the event.

Prof. Bernard J. Eckenrode made the laymen's retreat at Manresa-on-Severn, Annapolis, Md., the Jesuit retreat house, this weekend.

## LODGE DIFFERS ON UN RULING

NEW YORK (P)—The chief U.S. delegate to the United Nations, Henry Cabot Lodge Jr., took issue last night with a U.N. board's statement that the 10,000 employees of the international organization and its agencies should give their first loyalty to the U.N., not to their own countries.

Asked on a television interview about the report Saturday by the U.N.'s nine-member International Civil Service Advisory Board, Lodge said he thought the word "loyalty" had been used by mistake.

"I think what they meant was when you work full time for the United Nations, you ought to give them full time," he declared.

"Obviously the United Nations is not a 'world government,'" he continued. "It is not a sovereignty, and Americans who work for

## Bullets Smash Albright 28-0 For First Victory; Tally In Every Period

Rebounding from defeat in their opening game a week ago, the Gettysburg College Bulldogs scored in every period to easily defeat the Albright gridders 28-0 here Saturday afternoon before a Fathers' Day weekend crowd of about 3,500 fans.

The Bulldogs dominated play throughout and showed terrific defensive work, yielding but two first downs and only 31 yards total offense.

Late in the first period Mike Duka, Bullet back, pounced on a fumble by Dragon on the Lions' 19 yard line to pave the way for the initial Bullet score.

Bob Eppelman started around right end, but back and ran for nine yards. Frank Gagliardi picked up six yards on a quarterback sneak to put the ball on the 4. On the next play Eppelman bolted through left tackle for the score. Jim Soltesz booted the first of his four extra points to make it 7-0 after 13:16 minutes.

**Poor Punt Costly**  
On the ensuing kickoff Smith returned Carl Beck's boot to the Albright 18 but a personal foul against the Lions put the ball back on the 4. Unable to get anywhere against the strong Bullet defense, the Lions were forced to punt on the first play of the second quarter and Pollock's kick carried only to the Albright 21.

Gagliardi heaved a pass to Dick Lewandowski which was good for 7 yards. Bill Morro crashed the center of the line for 13 yards to put the ball on the 1 from where Jim Megee went over on the next play.

Albright's lone serious bid for a score came midway in the second period after Bob Wetzel intercepted a pass by Gagliardi and laterally to Pollock who was downed on the Gettysburg 15. DePaul, Pollock and Wetzel got a total of 5 yards on three line stabs and when DePaul's fourth-down pass fell incomplete, the Bulldogs took over on the 10.

**Megee Races 50**  
Shortly after the third quarter got underway the prettiest run of the afternoon produced the third Bullet TD. An exchange of punts gave Gettysburg possession at the midfield stripe. On the next play Megee, a fine ball carrier throughout the game, took a handoff, broke into the clear through the left side of the line and streaked 50 yards for the score.

On the first play of the final period Duka made a pass interception on DePaul's aerial and returned the ball from the Gettysburg 39 to the 45 from where the final touchdown drive was launched. Ernie Paliszewski, Gagliardi, Megee and Morro picked up a first down on the Albright 46. Gagliardi then connected with Lewandowski for another first down on the 31. After Morro hit the line for two yards, Paliszewski broke away to race 29 yards for the final touchdown of the afternoon.

Gettysburg reserves were headed for another six-pointer when the final whistle found the ball within a bare inch of the goal line.

**Whistle Halts Drive**  
In the fading moments of the game Vince Scola intercepted a pass on the Albright 27. Charley Heverly raced 15 yards to the 12 and then he tossed a pass to Scola on the 2. Heverly bucked the line to within an inch of pay dirt as the game ended.

Albright's heavy outfit failed to show any semblance of an attack. Early in the first quarter Dragon connected with Krize on a 14-yard aerial for one of the Lions' first downs while the other resulted on a Gettysburg penalty for slipping in the second frame.

The showing of the Bulldogs was particularly heartening after their setback at Bucknell. Next Saturday they journey to Lehigh to tangle with Lehigh.

Seven Adams County scholastic bands paraded prior to the game. During the half time intermission the college band and a group of students put on a fine entertainment for the fans.

## JOHNS HOPKINS DOWNS BULLETS IN SOCCER 4-1

The defenses of Johns Hopkins University's soccer team proved too tough for the Gettysburg College soccermen as Coach William Hartshorne's Bulldogs dropped a 4-1 decision to the Blue Jays here Saturday morning. Gary Geth scored the only Gettysburg goal late in the second quarter.

It was the season debut for Hopkins, who last year tied for the Middle Atlantic championship. For Gettysburg, it was preceded by a tie with Elizabethtown. The Bulldogs travel to Lehigh Tuesday for their third game.

Greth, an all-league halfback last year, had been playing on the line this year until Saturday. At fullback, he consistently smothered Hopkins scoring threats, in addition to scoring the only Gettysburg goal. The rest of the Gettysburg attack was neutralized by the suborn Jay defense, led by halfback Sam Morekas and goalie Dave Hack.

The teams battled evenly through the first period, as both missed scoring opportunities. The first goal came at 4:30 of the second quarter, when Hopkins' George Whitlock dribbled down the right side, and passed in front of the goal to All Arman, charging in from the left, who booted the ball in. Midway in the period, Joe Hanle scored on a kick directly in front of the goal, to make the score 2-0.

**Greth Scores**  
Two minutes later, at 13:40, Greth dribbled down the left side of the field and booted the ball past goalie Hack. Twice during the remainder of the quarter, the Bulldogs had the ball in front of the Hopkins goal, threatening to score the tying point.

In the second half, Hopkins' superiority was more apparent. While they did not score in the third quarter, they had five shots from in front of the goal, two of which were nicely stopped by goalie Walt Heideberger. At 9:20 of the final period Hanle took a long pass from Arman and booted it in. Hanle also scored the final Hopkins' goal on a penalty kick after playing time had run out.

## Barons, '54 Hockey Champs, Lose Two

By THE ASSOCIATED PRESS  
The Cleveland Barons, winners of the Calder Cup last year, look like the doormats of the American Hockey League this year after losing their first two hockey games.

Coach Bun Cook's Barons were trounced Saturday night 6-1 by the Hershey Bears and last night lost a 5-4 decision to the Providence Reds in the only league game.

Left winger Ray Ceresino, who starred for the Barons last season, drove home the winning marker for Providence at 16:08 of the third period.

Guy Gendron, 19-year-old rookie left winger, paced the Reds with two goals in his first pro start. Zeilio Toppazzini and Paul Larivee scored the other Red goals.

## PICKS SOONERS FOR MYTHICAL COLLEGE TITLE

By ED CORRIGAN  
The Associated Press  
Unless an unexpected disaster overcomes Oklahoma, the Sooners should win the mythical national college football championship this year.

With only three weeks of the season gone, time probably has run out on Notre Dame. The one defeat the Irish suffered at the hands of Purdue probably will deprive young Terry Brennan of a title in his first year as a head coach.

Oklahoma already is over the big stumbling block of its schedule, and, although Bud Wilkinson's lads still have seven games to go, none of the remaining teams figures to be in the class of Texas, which fell before the Sooners 14-7 last Saturday.

**Some Big Ones Ahead**  
Oklahoma still has Kansas, Kansas State, Colorado, Iowa State, Missouri, Nebraska and Oklahoma A&M on its schedule. Some of these certainly are not pushovers, and that great equalizer, the one-platoon system, could work against any club.

But if the Sooners can lick an outfit like Texas without the aid of Gene Calame, they ought to be able to take anyone else with him. He probably will be back against Kansas.

Jim Harris took over for Calame and the sophomore substitute made his gloomy coaches eyes light up. Harris' passing was a revelation and he'll be heard from in the future.

**Booby Traps Ahead**  
The rest of the Notre Dame schedule is loaded with booby traps and the only hope the Irish have of coming out on top as the experts predicted in the preseason Associated Press poll is to sail through their opposition and for the Sooners to be upended at least once.

Notre Dame was impressive in its 33-0 victory over Pitt. The victory showed that Brennan and his crew were capable of rebounding after a humiliation. That's a good sign, but the Irish still have to tackle Michigan State and Navy in the next two weeks.

At the moment, UCLA and Wisconsin are Oklahoma's chief rivals for national honors. But even their position is precarious. The Uclans barely got past Washington, 21-20, and Wisconsin had considerable trouble beating Rice 13-7.

**Coast Race Tight**  
Both UCLA and Wisconsin stay in their own leagues for the rest of the campaign. The Uclans have five more Pacific Coast Conference games left, starting with Stanford, while the Badgers still have to get by a dozen Big Ten foes.

If things keep going as they are, the Coast race could go right down to the final game when UCLA and Southern California meet on Nov. 20. The Big Ten, on the other hand, could be decided this week when Wisconsin and Purdue come to grips.

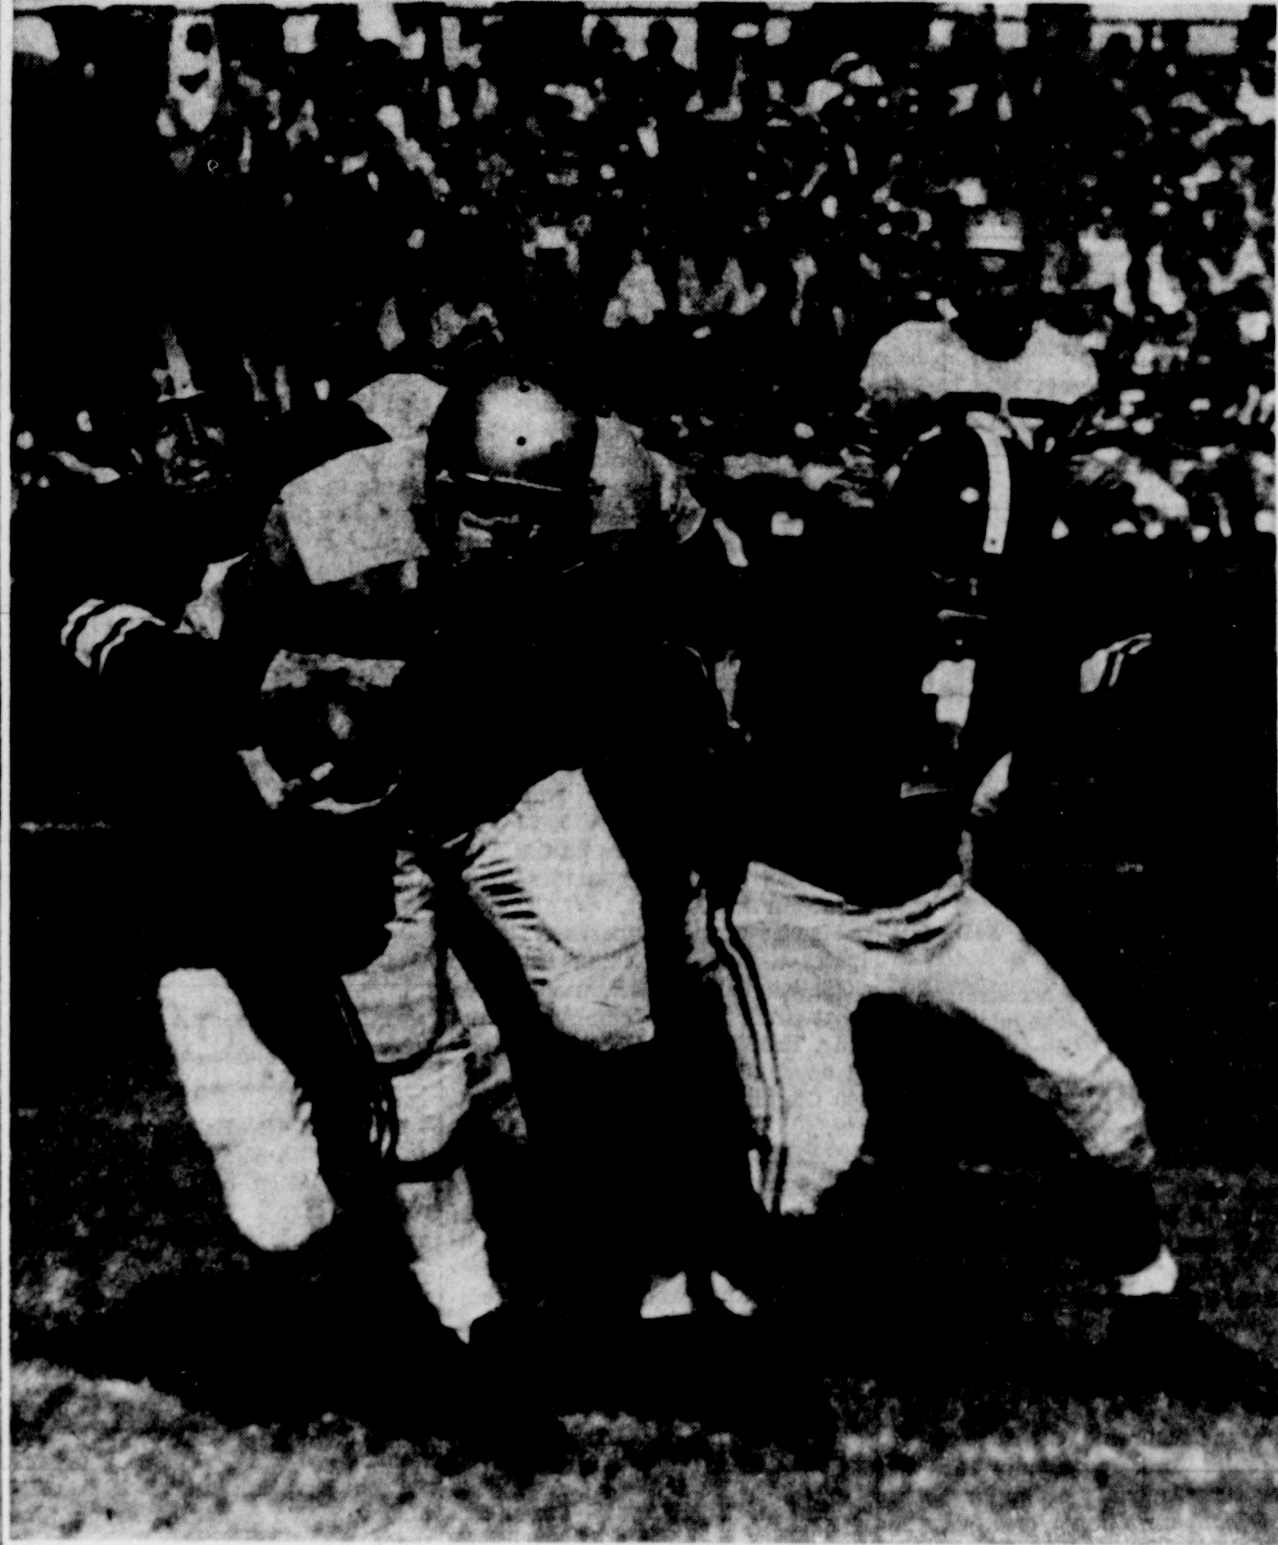

Purdue was not figured as a real first-class title threat before the season started, but passer Len Dawson changed all that. The only trouble is, he can be stopped. Duke proved that when they all but grounded him in their 13-all tie with the Boilermakers.

In other games, Iowa, regarded as a major stumbling block to Wisconsin in the Big Ten, dropped before Michigan 14-13, and Florida dropped a 14-7 decision to Clemson. Florida was figured to be a Southern power after its fine victories over Georgia Tech and Auburn.

## Steelton Steals Spotlight In Scholastic Grid Circles By Topping Allentown 20-13

By DICK HOENIG  
HARRISBURG (P)—A crack defensive Steelton High football team today owns an accomplishment few schools have been able to boast of recently—a victory over mighty Allentown on the Allentown gridiron.

Showing the alertness and dogged fighting quality that accounted for three previous wins, Steelton made a third quarter intercepted pass and resulting 60-yard touchdown sprint to for a 20-13 decision over the team no one has beaten since early in the 1952 season—23 games back.

No Pennsylvania team had licked Allentown since Thanksgiving Day 1950—close to four years ago—when Bethlehem turned the trick, 15-6, at Bethlehem.

Over the last six years Steelton has won three while losing only two to the club that is considered to have the best modern day record of a major Pennsylvania school. Last year's game ended 6-6.

Allentown last lost to Patterson Park of Baltimore, 6-0. The Canaries, an independent, were also tied by Easton last year and started off the new season with a green squad.

**Defense Decisive**  
As in their previous victories, the defense proved decisive for Steelton. The team has given up an average of 125 yards a game on the ground in four winning games. The steamroller defensive unit has scored 30 of the team's total 104 points—more than one-quarter.

Steelton, a small school with one-sixth the enrollment of Allentown's 2,463, is tied with Williamsport for the lead of the Central Penn Conference. The Steamrollers rolled to a two touchdown lead before Allentown scored once to trail 13-7 at halftime. Each scored once in the third quarter and then Steelton's defense took over to put the game in the record books.

Beside Allentown seven other previously unbeaten and untied major teams lost clean records. They were Hanover, Dunmore, Abington, Plains, Mount Lebanon, Greensburg and Uniontown. Mechanisburg shut out Hanover to take control of the South Penn standing. Powerful Lower Merion found two first half touchdowns enough to hand Abington its first defeat after 11 victories.

**Eliminate Greensburg**  
Connellsville eliminated a surprising Greensburg team from the WPIAL Class AA race and once-beaten Washington did the same to Mount Lebanon. Ambridge edged Uniontown by a single point in the WPIAL's game of the week. The results left seven of the original 36 entries in the running

## PATTERSON IS FAVORITE OVER E. FERDINAND

By MURRAY ROSE  
The Associated Press  
Floyd Patterson, the Brooklyn 19-year-old who showed real punching power in his last start, is a 1-3 choice to score his third straight victory tonight at the expense of San Francisco's Esau Ferdinand at New York's St. Nicholas Arena.

The bout is limited to eight rounds because you have to be 20 to go 10 in New York state. Patterson, fourth-ranking light heavyweight contender, generally doesn't have to worry about distance anywhere. In winning 15 of 16 pro bouts, he has scored 10 knockouts. In his last outing Aug. 2 against Tommy Harrison, he won on a first-round knockout.

Ferdinand, making his New York debut, has a 39-10-7 record with 10 kayos.

Starting at 10 p.m. EST, the scrap will be telecast by Du Mont to some parts of the country.

Bobby Dykes of Miami and Ted Olla of Milwaukee, a couple of stiff-punching middleweights, collide in a 10-rounder tonight at Brooklyn's Eastern Parkway Arena. Dykes is a 5-8 favorite to record his 101st victory. Starting time is 10 p.m., EST, for the ABC telecast.

The Philadelphia Evening Bulletin said Giardello would sign for the 15-round championship affair late this afternoon in his room at St. Agnes Hospital here. The Philadelphia boxer, whose last several outings have been disappointing, is recovering from a knee operation.

Dr. Frank A. Mattel removed some torn cartilage from Giardello's left knee last Wednesday but said the boxer would be able to start roadwork within a month and embark upon heavy training at least four weeks before the fight. The knee was injured in an auto crash.

The fight is to be staged by San Francisco promoter Benny Ford, in association with the International Boxing Club.

## West York Cans Cannors 27-13 To Tie For Lead In Laurel Grid Circuit

West York broke a tie with two last-period touchdowns to defeat Biglerville High 27-13 Saturday night at Biglerville. The teams played evenly through a fumble-plagued first half, but in the second half fullback John Bowman kept carrying the ball for large chunks of yardage and scored the deciding touchdowns.

For the Bulldogs of West York, it boosted them into a first place tie with Littlestown in the Laurel League Conference, with two wins and a tie apiece. For Biglerville, it was their third loss in three starts for the season and their first in the conference.

**Constable Streaks 60**  
The Cannors had difficulty holding onto the ball from the start. They fumbled on the second play from scrimmage, and Hoskins recovered for the Bulldogs on the Biglerville 44. But three plays later, a West York back fumbled. John Constable, Biglerville's fleet defensive halfback, raced in, scooped up the loose ball, and ran 60 yards down the field for a touchdown. Gene Sheaffer booted a perfect conversion, and Biglerville had a 7-0 lead in the first three minutes.

The visitors received the kickoff and drove down to the Canner 34. Again it was Constable who stopped them, intercepting a pass on the 12. But two plays later, Biglerville fumbled, and Emig recovered on the 15 for West York. On the next play, Bowman broke through tackle and scored standing up, to make the score 7-6. Charley Martin's attempted conversion was wide.

**May Crashes Over**  
Another fumble set up the second Biglerville touchdown, early in the second period, as tackle Ken Pitzer fell on the loose ball on the visitors' 27. After a futile line plunge and pass, halfback Ronnie Koontz passed down the right sideline to fullback Jim May on the 15. On the next play, May bulled through tackle into the end zone. This time Sheaffer's attempted conversion was partially blocked, but the hosts led, 13-6.

Near the end of the period, halfback John Myers, of West York, recovered May's fumble on the Biglerville 32. Bowman turned left end for eight yards, then right end for 14 more to the 9. Then Emig passed to Jack Gooding in the end zone for the score. Bowman tied the game by adding the extra point on an end run.

As the third period ended, the visitors took a punt on their own 30, and marched 70 yards downfield in eight plays for a touchdown. Bowman twisted through the left side of the line for 14 on one play and for 23 on another. He scored the touchdown from 10 yards out, and then, adding insult to injury, skirted left end for the extra point, to make the score 20-13.

**Bowman Again**  
The Cannors took the kickoff but could not gain from scrimmage, and Koontz punted to the visitors' 40. Gerrick, on two plays, carried to the Biglerville 44. Bowman gained eight yards around right end. Gerrick gained 11 around left end. Three plays later, Bowman circled right end, scoring from the 29. Gerrick passed to end Bob Firestone for the extra point, and the Bulldogs led, 27-13.

## MAYS AND AVILA ARE CHOSEN AS TOP PLAYERS

ST. LOUIS (P)—Willie Mays of the World Champion New York Giants and Bobby Avila of the American League Champion Cleveland Indians, 1954, batting leaders, yesterday were named top players in their leagues by the Sporting News.

The national baseball newspaper also named Giant pitcher Johnny Antonelli and Bob Lemon of the Indians as the No. 1 hurlers in their leagues.

Mays, Antonelli and Lemon won the honors by wide margins in the newspaper's poll of managers, players, umpires and sports writers but Avila wasn't far ahead of Larry Doby, Cleveland outfielder, and Yogi Berra, New York Yankee catcher.

**Kluszewski Second**  
Ted Kluszewski, Cincinnati Reds' slugging first baseman, ran second to Mays. Robin Roberts of the Philadelphia Phillies got the no as No. 2 hurler in the National League while Early Wynn of the Indians took second behind team-mate Lemon.

Mays and Antonelli were credited with contributing more than their share in boosting the Giants from fifth place in 1953 to the World Championship this year.

Willie hit .345, smashed 41 homers and drove in 110 runs. Antonelli's 2.30 earned run average topped the league. He won 21 and lost 7.

Avila hit 15 homers while compiling a .341 batting average and Lemon had a 23-7 record, giving him 20 or more victories for the sixth time in the past seven years. He had a 2.72 earned run mark.

Rooms	Eight
Bedrooms	Four
Closets	Eight
Cubage:	
House	23,800 ft.
Garage	6,300 ft.
Dimensions	72' x 28'

Since it can be built in stages, with the garage being constructed after the house is completed and the second floor finished sometime in the future—also because it's always cheaper to build up—"The Audubon" will have a strong appeal for budget-minded home builders.

Thoroughly modern, "The Audubon" presents a compact exterior appearance yet contains six good sized rooms on the first floor and two more on the second. Seven closets provide a generous amount of conveniently located storage space on the first floor. Also, on the second floor, there are three good sized closets in addition to storage drawers and a very spacious under the eaves storage area. Hence as you can see for yourself, storage should present no problem to the owners of "The Audubon."

In the illustration, a contrasting wood finish is used on the roof projection and for the second floor dormer; such a touch will add to the individual appearance of "The Audubon." You can give further interest to the exterior of the house by having blinds at the windows, by putting a flower box under the living room windows and filling it with flowering plants and, of course, by a well cared for lawn with shrubs and carefully selected plantings.

The house proper measures 36'x26' while total measurement of "The Audubon" including the garage, are 72'x28'. Thus, to build house and garage you'd need at least a 95 foot lot. Total cubage of the house is

23,800 feet; cubage of the garage is 6,300 feet.

"The Audubon" is the type of house that can be built in the city, the suburbs or the country with equally happy results. Likewise it can be located on a level or sloping site and look attractive and natural.

To meet the desires of the average homemaker, the laundry is located on the first floor of "The Audubon." Doors in both the front and back walls of this room provide convenient, easy access to the yard from the well lighted laundry.

Since the laundry is on the first floor, the only installation that you must include in the basement of "The Audubon" is the heating plant. This should be placed under the living room.

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor, The Gettysburg Times, Dept. 18, and enclose a self addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

## HIGH COURT TO HOLD SERVICES FOR JACKSON

WASHINGTON (AP)—Brief memorial services were planned by the Supreme Court today in tribute to Justice Robert H. Jackson, who died of a heart attack Saturday.

It was probable the court would cancel arguments scheduled to be heard today.

Jackson had been a part of the official life of the capital for 21 years and a Supreme Court justice for 13. He had suffered a light heart attack last March.

Brought to Washington by President Franklin D. Roosevelt, he was the solicitor general who argued before the Supreme Court the validity of much of the sweeping legislation of the early New Deal days.

He won international recognition years later when he took leave from the Supreme Court to serve as chief U.S. prosecutor at the War Crimes trials of major Nazis at Nuremberg after World War II.

He had driven to Washington from his home at nearby McLean, Va., Saturday to shop and go to his office. Stricken while driving near the home of his secretary, Mrs. Elsie Douglas, he went to her apartment seeking help and died there shortly after the arrival of his physician, Dr. Hill Carter.

**Funeral On Tuesday**

The body will lie in state at a funeral home until noon tomorrow. Services will be held in Washington (Episcopal) Cathedral at 3 p.m. tomorrow, conducted by the Rev. Alfred St. John Matthews of St. John's Episcopal Church of McLean and the venerable Albert H. Lucas, Episcopal archdeacon of Maryland.

The body will be taken to Jamestown, N.Y., Jackson's home, with burial on Wednesday at Frewsburg, N.Y. Jackson's colleagues on the Supreme Court will serve as honorary pallbearers at the Washington services.

There was no solid speculation as to the man President Eisenhower would name to succeed Jackson in what will be his second appointment to the high court. Eisenhower named Chief Justice Earl Warren a year ago to succeed the late Chief Justice Fred M. Vinson.

Born at Spring Creek, Pa., Jackson grew up in the Jamestown area and attended Albany, N.Y. Law School for one year. He began practice without obtaining a law degree.

## MEENES-FRANCE To Spread Garden Toil Do All You Can This Fall

There are two kinds of fall planting—one which must be done now, or not at all and an optional kind, which may be done this fall or next spring.

Among the "musts" are planting spring flowering bulbs, peonies, iris, madonna lilies, the seeds of some perennial flowers and that of the annual larkspur.

"Mays" include evergreen and deciduous trees and shrubs, roses, the seeds of most perennial and quite a few annual flowers and vegetables, and lawn seed.

Garden owners who like to do things the easy way will spread their planting over two seasons, instead of waiting to crowd it all into a hectic spring.

In the fall there is no "spring fever," rather there may be lassitude. Like the plants themselves, the gardeners may long for a winter of dormancy, before undertaking a new season of growth.

But for those who resist the temptation to rest, fall planting pays rich rewards. In sections where winters are cold, most garden color in the early spring comes from plants in the "must" groups, which should be planted in the fall, or not at all.

In the vegetable garden, perennial onions must be planted in the fall, to bear green onions next spring, before onion sets could be planted. Rhubarb and asparagus roots may be planted now with good results. Spinach and other hardy greens can be sown, for very earliest harvest next spring.

For the asparagus bed, roots should be obtained and placed in a location which need not be disturbed during the life of the garden, since a good asparagus bed will last several decades. Deep, rich soil is required and the plants should be given ample room, with three feet each way between hills.

Rhubarb is another long lived plant. Six plants will suffice for the average family and they should be placed where they will not be disturbed, perhaps near the asparagus in a garden screen or border.

The hardest winter onion is the red perennial, sometimes called the Egyptian. This is one of the onions which, instead of bearing seeds, produces at the top of the seed stalk a bunch of onion sets. These sets should be obtained and planted this fall, a foot apart in the row, in rows two feet apart; though few families will need more than one row.

This onion never produces a round bulb, but in the spring as soon as the ground thaws, it begins to grow stalks like green onions. Part of each clump may be pulled up and used, and with this annual thinning, and ordinary cultivation, the plants will live indefinitely. The flavor of the stalks is mild in the early spring, but becomes stronger later.

Where winters are mild, some of the potato or multiplier onions may be planted in the fall and they will produce clumps of green stalks in the early spring. These must be set out each year as the entire plant is harvested. In the colder states these onions will not survive without a heavy mulch, and in some winters even this will not protect them.

## CONFIDENT OF SUPPORT VOTE

PARIS (AP)—Premier Pierre Mendes-France pushed ahead today with his drive for quick National Assembly endorsement of the London agreement to rearm Germany. He claimed an "important majority" would back him tomorrow in the parliamentary vote, which would unseat his government if he lost.

The National Council of the powerful Socialist party, which holds 105 seats in the 627-member Assembly, scheduled a meeting tonight to set the faction's policy on the nine-power proposals.

The National Committee of another major assembly group, the Popular Republican Movement (MRP), disapproved the London accords yesterday but left their Deputies' Committee a final decision on how the 88 Assembly members from the party should vote.

**Unsuccessful Fight**

The MRP, whose leaders include former Foreign Ministers Robert Schuman and Georges Bidault, had led the unsuccessful fight for Assembly approval of the European Defense Community (EDC). The party contends that the London proposals do not contain enough of the international control of German rearmament which EDC would have provided.

The Socialist council who had backed EDC and expelled three top leaders from the party who voted against that treaty. A 50-50 split in the party's deputies on the EDC vote was one of the factors in its rejection in August.

Mendes-France apparently anticipates a sizable backing from the Socialists and MRP, no matter what their party commands decide. The Premier is certain of solid opposition from the Assembly's 100 Communists and fellow travelers.

Mendes-France voiced his confident expectations yesterday in a speech at Pont Saint-Pierre, in his native Normandy. He told this audience "a large area of agreement has appeared" in the Assembly debate on the London agreements.

## New Hitch In Suez Canal Evacuation

LONDON (AP)—Britain's chief negotiator with Egyptian officials on the evacuation of the Suez Canal returned from Cairo today after a last-minute hitch in completing the treaty.

British Undersecretary of Foreign Affairs Anthony Nutting's unexpected flight here after two weeks of talks in Egypt will delay formal signing of the pact, which had been expected this week.

Both Egyptian and British officials in Cairo denied, however, that there was a new deadlock. They insisted they were not pessimistic about the final outcome.

Nutting explained that a few outstanding points "can be cleared up more conveniently by me here than by telegram from Cairo." He was uncertain when he would return to Egypt.

## Young Riders Leave Terminal; Take Bus

PHILADELPHIA (AP)—Two teenage riders asked bus driver Frank Gallagher what time his bus would leave the terminal.

Gallagher replied there would be a five-minute wait. Then he went into the washroom. When he returned the young riders were gone and so was the bus.

Fifteen minutes later the bus was discovered three miles away, its motor still running. It was sitting at a corner on its regular route.

## Lock Haven Senior Is Festival Queen

RENOVO, Pa. (AP)—Marilyn Dumm, a Lock Haven High School senior, is the 1954 Pennsylvania Flaming Foliage Festival queen.

She was crowned yesterday at the end of the two-day 6th annual contest by State Sen. George B. Stevenson (R-Clinton). She won the beauty contest from 35 other senior high school girls entered from 20 communities in the area.

Second went to Gloria Zuchowski, Wellsboro. Louis Myers, Johnsonburg, was third.

The festival yearly marks the autumnal color changing of the foliage along the scenic Bucktail Trail from Lock Haven to Emporium. The festival, with a parade and motorcade along the trail, is held in the Bucktail State Park.

Miss Dumm received a four year scholarship to the state supported college or university of her choice.

## American Girl To Wed Pakistanian

CUMBERLAND, Maine (AP)—Miss Josephine Hildreth, daughter of Horace A. Hildreth, ambassador to Pakistan and former president of Bucknell University, will marry the son of the East Pakistan governor on Oct. 23.

According to an announcement made here, Miss Hildreth will become the bride of Humayun Mirza of Karachi, in the home of the bride's parents.

Miss Hildreth, a 24-year-old secretary at Massachusetts Institute of Technology, and the 26-year-old Mirza, an insurance broker, met last year while she was in Pakistan with her father, a former Maine governor. Mirza is the son of Gen. Iskander Mirza, former Secretary of Defense in Pakistan who now is serving as the governor of East Pakistan.

The couple will live in Karachi.

## 600 STRICKEN BY FOOD POISONING

BARNEGAT LIGHT, N. J. (AP)—Food poisoning struck an estimated 600 persons after a lobster salad dinner at this Ocean County seashore resort.

Most of the dinners were treated at the scene Saturday night and early yesterday, and none required hospitalization.

The affair was the Community Fire Company's annual end-of-summer dinner at the Barnegat Light fire house. About 1,000 dinners were served.

Many of the guests were stricken on their way home from the dinner—about four hours after they had eaten.

Samples of the fare were being sent to the State Division of Health at Trenton for examination, said Barnegat Light Health Inspector Abe Rose and Fire Company President Erling Hem.

## NITTANY LIONS STAY IN VICTORY COLUMN; OTHER PA. TEAMS SLIP

By THE ASSOCIATED PRESS  
What a bleak year this is turning out to be for four of Pennsylvania's five major college football teams! Of the five usually regarded as the commonwealth's major powers — Penn, Penn State, Pitt, Temple and Villanova — only the Nittany Lions of Penn State have tasted victory in the first three weeks of the 1954 season.

Coach Rip Engle's Lions moved their one-two scoring punch of Lenny Moore and Ron Younker into high gear Saturday for their first win and left the field with an easy 34-7 triumph over previously unbeaten Virginia. Younker scampered 80 yards for one Penn State TD while Moore added two more, one on a 55-yard run.

Pitt suffered its third straight loss, 33-0, lacing at the hands of a rebounding Notre Dame eleven. But Pitt athletic director Tom Hamilton squelched rumors that coach Red Dawson might be fired in mid-season because of the Panthers' showing.

Penn also dropped its third in a row but this one was closer — 13-7 to Princeton. The Quakers' Philadelphia colleagues, Temple and Villanova, had even a harder time of it. Florida State passed Villanova to pieces with a 52-13 defeat — second straight weekend the Wildcats' defense has been mowed down for 52 points. Temple was routed 51-13 by a fine Delaware team.

The commonwealth's smaller schools fared much better. Shippensburg Teachers won their 20th victory in a row — but had a scare — in downing East Stroudsburg, 17-13. The margin of victory was two safeties scored by Shippensburg linemen.

Bucknell and Lehigh really had a ding-dong battle at Lewisburg before the unbeaten Elms of Coach Harry Lawrence came out on top of a 46-6 melee where neither team bothered about defense.

Junata rolled to its ninth straight victory by downing Haverford, 14-6.

Scranton made two goal line stands in the final period to defeat St. Vincent's, 12-9 in a Sunday game.

Elsewhere across the state: Wilkes, held without a first down in the first half, rallied to defeat Ithaca, 28-8. Geneva won its third game, blanking W&J, 21-0. Muhlenberg surprised Lafayette, 27-0, recovering 10 fumbles. Franklin & Marshall had to come from behind to win a 21-14 decision over Dickinson. Gettysburg rebounded from last week's loss to Bucknell by wallowing Albright, 28-0. Swarthmore defeated Susquehanna 27-0, in its opener. Lincoln blanked Lycoming 27-0. Western Maryland defeated Lebanon Valley, 32-0. Thiel drumped Allegheny, 19-6.

## RED SOX OUST LOU BOUDREAU

BOSTON (AP)—The Boston Red Sox today hired Frank "Pinky" Higgins to manage the American League ball club the next two years. He will replace Lou Boudreau who ran the team the last three seasons.

Higgins, former star major league third baseman, has been managing in the Red Sox system the past eight years. He piloted the Louisville Colonels in the Triple A American Assn. to the little World Series title this season, defeating Syracuse of the International League in the best of seven interleague series which ended Saturday.

Boudreau had one year to go on his Boston contract. Gen. Mgr. Joe Cronin told a gathering of baseball writers: "Gentlemen, the Red Sox have decided to make a change in managers."

## DETROIT LIONS ROLL UP 21-3 WIN OVER RAMS

The Associated Press  
If anybody plans to knock off the Detroit Lions for the National Football League championship this season, they've got their work cut out for them. The Lions aren't going to be easy to budge.

A case in point is what happened to the Los Angeles Rams yesterday at Detroit. In past years the Lions just rolled over and played dead for the Rams, winning only 4 of 17 meetings since 1946. Yesterday the best the Rams, admittedly still shaken by the bruising tie with San Francisco's 49ers the previous weekend, could do was a field goal as Detroit rolled to a 21-3 triumph.

Not once did Norm Van Brocklin, the Rams' ace passer, get off one of his famed touchdowns. Heaves. And when he tried to direct the Rams on a ground attack Detroit's defense bunched up to give up just 61 yards.

The victory — constructed on a 1-yard plunge by Tom Dublinski, a pass interception and Lew Carpenter's 60-yard scoring run — gave the Lions a 2-0 record in the Western Division and set them up for a Saturday night home encounter with twice-beaten Baltimore of the Eastern Division.

The only other unbeaten team in the Western Division had a tough time staying that way yesterday. The 49ers found themselves seven points down in the final period at Green Bay, but with the help of Y. A. Tittle, who came off the bench with his broken hand, caught fire for a 23-17 victory.

Elsewhere, the Chicago Bears defeated Baltimore 28-9. Cleveland beat the Chicago Cardinals 31-7 and New York ran wild against Washington 51-21. Philadelphia beat Pittsburgh 24-22 Saturday night.

Tittle, injured in the Rams' game, rushed in against the Pack-

## Sets New Track Record At Reading

READING, Pa. (AP)—Johnny Thomson of Springfield, Mass., won the second annual Bill Schindler Memorial Trophy race for sprint cars here yesterday and set a new 100-lap track record on the half-mile Fairgrounds track in doing it.

The New England driver blazed past the checkered flag in 43:57.14 minutes to better the previous mark set last year by 1953 Eastern AAA king Joe Sostilio, of East Natick, Mass. Sostilio's time last year was 47:42.36. Sostilio was 14th yesterday.

Second behind Thomson was Charley Musselman of Collegeville, Pa. He was followed by Mike McGill, Haddonfield, N.J., third; Al Keller, Bloomfield, N.J., fourth; and Al Herman, Allentown, Pa., fifth.

## Mount Soccermen Bow To Frostburg

An experienced and well-coached Frostburg State Teachers College soccer team broke loose in the last half after being held to a 2-1 margin at intermission to defeat Mt. St. Mary's 5-1 at Frostburg Saturday.

Steve Sohonyay tallied the Mountaineers' lone goal on a penalty boot in the second period.

Score by periods:  
Frostburg 0 2 2 1-5  
Mt. St. Mary's 0 1 0 0-1  
Field goals, Kelly 2. LaPorta. Penalty goals, W. Kirk, Byrnes, Sohonyay.

ers and 11 plays later the 49ers were only one point back. Again at work, Tittle tossed a 53-yard pass that carried to the 16 and five plays later he himself pushed over from the 2 for the deciding TD.

## CASHTOWN TIES PLAYOFF SERIES

A four-hit pitching performance by Jim Spence gave Cashtown a 9-1 victory over Fairfield Sunday afternoon at Cashtown to deadlock the title series in the Pen-Mar Baseball League playoffs at one game each.

The final and deciding game will be played next Sunday afternoon at 1:45 o'clock at Fairfield. A flip of a coin decided the site for the game. All proceeds will be split.

Spence turned in one of the prettiest pitching exhibitions seen locally for some time. He fanned eight and did not issue a pass. K. Deardorff got the first hit off of him in the fifth. In the eighth inning a single by D. Sease and a double by E. Spence produced Fairfield's lone tally.

Cashtown tabbed a run in the first inning and picked up three more runs in the third to hold a comfortable margin the remainder of the way.

The winners collected eight hits off G. Seiferd and G. Weikert with Bill Singley hammering a single and triple.

## SP PLAYOFF TILT ENDS IN 5-5 TIE

Greenmount and Wensville battled to a 5-5 deadlock in the second game of the best-of-three series for the playoff title of the South Penn Baseball League. Sunday afternoon at Greenmount. The game was halted after the 10th inning due to darkness.

The teams will clash again next Sunday at Greenmount. A week ago Greenmount opened the series with an 11-9 triumph.

Wensville knotted the score in the top of the eighth inning when a baserunner stole home. Local umpires worked the game after umpires from the Lewistown Association failed to appear. It was decided that the local arbiters will continue to handle the games.

## GIRLS' HOCKEY SQUAD LOSES

The Harrisburg Hockey Club defeated Gettysburg College's field hockey team, 2-0, Saturday morning at the college, in the opening game for both teams. It was the first defeat for the Bullettes since the 1952 season.

Halfback Janet Biensdorfer scored the first goal near the end of the first half, knocking a hard shot into the nets from the edge of the scoring circle. The second Harrisburg goal was registered by Gloria Krug, substitute right inner, in the middle of the second half.

The Bullettes' next encounter is Wednesday afternoon, when they entertain Dickinson College's team in a doubleheader. Mrs. Lois G. Bowers and Miss Grace C. Kenney are the Gettysburg coaches.

## Megee Nominated As Unsung Hero

Three players whose key defensive contributions kept their teams in the unbeaten class Saturday head the third weekly list of Eastern Intercollegiate Football Association unsung heroes.

Other unsung hero nominations were fairly well divided among those who performed exceptionally offensively and defensively. Offensive exploits were turned in by Bucknell's Bob Ford, Hamilton's Wayne Mahood, Rutgers' Bob Kelly, and Gettysburg halfback Jim Megee of Lansdowne, Pa.

Gettysburg's Megee, 155-pound senior, making the first start of his college career, got his chance to play because the regular left halfback was injured. He scored two touchdowns, one on a 50-yard run, and led the way in Gettysburg's 28-0 victory over Albright.

Other players named were: Jim Armstrong, Yale; Joe Dizenzo, Princeton; Milt Graham, Colgate; Bill Schmitt, Pitt; Ben Hoffman, Columbia; Fred Dustin, Penn; and Len Oniskey, Cornell.

## WINS GOLF TOURNEY

Pfc. George Miller, son of Mr. and Mrs. George A. Miller, Carlisle St., recently won the 18-hole golf tournament held by the Supply Specialist Department at Ft. Lee, Va. Miller, who formerly was a member of the Gettysburg College team, turned in a 37 score to win the honors.

## EASTERN LOOP WILL CONTINUE

NEW YORK (AP)—The Class A Eastern Baseball League, although hampered by poor attendance this season, plans to continue operating next year.

Club owners made the decision yesterday at a special session with League President Thomas Richardson.

But there may be at least one change in the make-up of the eight-team league that now comprises Albany, Wilkes-Barre, Schenectady, Reading, Allentown, Elmira, Williamsport and Binghamton.

During the meeting it was disclosed that one unnamed franchise may be moved to another city, but there was no elaboration. Albany owner Tom McCaffrey has announced that he would sell his club, but has said that no offers have been made.

The club owners changed the distribution of gate receipts, giving the entire receipts to the home team, with an unspecified season percentage to be paid to the league offices in five installments. Previously the visiting team collected 15 cents on each adult admission, and the league 10 cents.

It was decided also to cut the semifinals and finals of the Doughty playoffs to best-of-five series instead of best-of-seven. The 140-game season, same as in 1954, will open April 20 and close Sept. 5.

South Africa, 6-2, 6-0. Tony Trabert of Cincinnati also kept pace with a 6-4, 6-4 triumph over Hugh Stewart of Los Angeles.

TORRENTIAL  
RAINS POUND  
CHICAGO AREA

CHICAGO (P)—Torrential rains dealt devastating blows to Chicago and communities in northern Illinois and northern Indiana over the weekend.

Transportation, both rail and highway, communications, and power were disrupted by the early October rain storm. Rainfalls ranged up to an unofficial 10 inches in some Chicago areas.

Hundreds of families were driven from their homes in Chicago, the southwestern suburban area and in the Hammond-Gary area of Indiana. Thousands of homes were flooded as Chicago was pelted with the heaviest rainfall in nearly 70 years. Water covered highways in many parts of the storm belt.

**Train Service Halted**  
Train service on four major railroads was halted by waters from the Chicago River which overflowed tracks at the big Union Station.

A tieup of many Chicago industrial plants was in prospect after a quarter of the main source of electric generating capacity was knocked out.

The flow of the Chicago River, which runs through the center of the city, was reversed for five hours last night to halt the flooding of buildings on the edge of the downtown district.

**10 Million In Damage**  
Damages from the storm were estimated unofficially as high as 10 million dollars. But some city officials said an accurate estimate could not be made immediately. Gov. William G. Stratton ordered heads of the Illinois National Guard, state police and state highway system to survey the flood situation for possible emergency action.

The Coast Guard, Red Cross, police and city street employees worked around the clock to alleviate the flood situation.

**30 Hours Of Rain**  
Many streams in the northern part of the state were nearing flood stage.

The rains pelted the Chicagoland area for nearly 30 straight hours, starting about 5 p.m. Saturday and ending around 10 p.m. yesterday. The official rainfall measured more than 6 inches. The 5.57 inches in 24 hours was the heaviest for a 24-hour period in Chicago since 1885. Yesterday's weather was fairly mild, with temperatures in the 60s.

Partly cloudy, with a chance of a few showers, was today's forecast.

DALLAS (P)—A pig in a poke squealed, and a thief got caught.

E. Clark hired a man to feed his pigs. Saturday night he heard a pig squealing and squealing.

He found the hired man had put a shot in a burlap bag and started off with it. He held the man until police arrived.

FOUR CONCERTS  
ARE CANCELLED

PHILADELPHIA (P)—Musicians and officials of the famed Philadelphia Orchestra failed to agree early today on a wage settlement and four more concerts were canceled, including one in New York.

AFL musicians, who now receive \$140 a week, had asked for a \$10 weekly increase. It was denied by the orchestra's executive board. The orchestra's opening two concerts were canceled.

Last night, in a compromise, the union reduced its demand to a \$5 increase on a two-year contract. Orchestra officials, also compromising, offered:

1. A two-year contract with a \$5 increase next year and none now, or,
  2. A three-year contract with \$2.50 increases each year.
- The union rejected both offers and the orchestra, conducted by Eugene Ormandy, was destined to remain silent still longer.

VITAL SENATE  
RACE IS RAGING  
ACROSS ILLINOIS

**Editors Note**—This is another of several stories by roving Associated Press reporters analyzing the campaign in key states.

By DOUGLAS B. CORNELL

CHICAGO, Oct. 11 (P)—The joys of peace and the thickness of the pocketbook have turned into vital political issues in cross-section Illinois.

And here in a state that blends together a typical mixture of America's industrial and agricultural economies, Democrats and Republicans are fighting out a vital Senate race along the historic line of liberal-conservative cleavage.

Perhaps as nowhere else in the nation, the fundamental dispute between liberals and conservatives stands out in the battle between Democrat Paul H. Douglas, trying for a second Senate term, and Republican Joseph T. Meek, making his first bid for public office.

**Divergent Views**

For Douglas regards government as the economic guardian of the people—as their rightful, paternalistic champion. And Meek, for 20 years the voice of Illinois retail merchants, is the free enterprise, unfettered, uncontrolled economy type of Republican.

Douglas cries out that Meek serves "the special interests." And Meek thunders back that Douglas is a "Socialist" and "medicine man economist."

Then there are those other issues of peace and the pocketbook.

Wherever he goes throughout the state, Meek bears down on the favorite GOP theme of peace and prosperity. People are doing pretty well these days, he says, and besides:

"Nowhere in the world today are guns killing American boys; nowhere in the world are planes shooting them down."

**Pounds Douglas**

At coffee hour talks, in street corner speeches and in political rally orations, he almost always gets around to that—and to pounding Douglas as a Socialist who wants to "wreck the Eisenhower administration" and "have the government take over and run your lives."

He calls the senator "Mr. Capital S of Socialism," the "Pink Professor," or "Paul the Planner." He told one group of Republican women that Douglas is "talks the Communist lingo" and "speaks the identical party line."

**Counts On 3 Issues**

This is all part of a calculated

**SON'S IS LIKE FATHER'S**—Detroit Patrolman Norman Teter stops his patrol car to watch his son, Marc, 2½, pedal prowl car. Of course Marc wants to be a policeman.

plan. The question is whether this line of attack will make a martyr of Douglas and boomerang against Meek. It's a gamble the Meek forces are willing to take.

The GOP nominee said in an interview he is counting mainly on three issues to see him through to victory against Douglas: "Peace under the Republican party, a fear of things Douglas stands for, and a desire to the people to let this Eisenhower crusade run its course."

In the Senate contest, most of the political experts at this point are shying away from picking a winner. Some voters still are undecided, and the rival candidates won't start their big finale drive for votes in Chicago and Cook County until after the middle of

11 SURVIVORS  
TELLS OF 2 DAYS  
IN STORMY SEA

NORFOLK, Va. (P)—Eleven seamen, survivors of the capsized freighter Mormackite, were safely in port today with harrowing tales of two days floating helplessly in stormy, shark-infested waters.

Lost in the disaster were 37 of their shipmates, including the captain, Patrick J. McMahon of Valley Stream, N. Y.

A Coast Guard board of inquiry sets out this morning to find full explanation for the sinking last Thursday, apparently caused by shifting of the ship's iron ore cargo. The 6,000-ton vessel capsized so quickly there was no chance to send a distress message and crewmen were unable to get lifeboats into the water. The ship carried no life rafts.

The Mormackite sank under the brutal pounding of wind-whipped Atlantic seas 150 miles east-southeast of Cape Henry.

**Recover 12 Bodies**

The 11 survivors were brought to Norfolk yesterday by three Navy destroyer escorts. With them came the bodies of 12 who died. The remaining 25 bodies were not found and presumably went down with the ship or disappeared more terrifyingly among the sharks that survivors reported seeing by the hundreds.

Some of the sharks were "12, 14 and 16 feet long," reported Pa-tadio del Valle of New York City.

The month. The county casts about half the total in the state.

If there is any advantage at the moment, it appears to lie with Douglas.

The senator says he expects to win. He too is counting on three big issues. He listed them in an interview as: unemployment, the farm problem and "administration giveaways."

Private Rites For  
Popular Forecaster

MIAMI, Fla. (P)—Private funeral services were scheduled today for Grandy Norton, the famous weatherman who earned the gratitude of coastal residents all over the Western Hemisphere with his 24-hour predictions on the courses of hurricanes.

The last rites were to be conducted privately.

The 60-year-old chief of the Hurricane Warning System was stricken with a heart attack Saturday morning. He died that night.

His death came as the eighth hurricane of the season roamed the Caribbean Sea. He had spent all day Friday helping keep track of it.

Norton, a native of Choctaw County, Ala., became head of the Hurricane forecasting service in the southeastern United States in 1935. At that time, the Red Cross, said, hurricanes striking the mainland caused an average of 500 deaths each. Today the average has dropped to five.

One of three who clung atop a makeshift raft, Del Valle said rescue came just in time to keep his group from taking their own lives. After his arrival in port yesterday, he told newsmen:

"On the last day we started to think how we could take our lives away the easiest. When you're drinking salt water and taking it into your lungs, it is terrible. Yesterday (Saturday) morning the three of us decided to do it. Then we saw a Navy carrier and then there were planes. Another hour and we would have been dead."

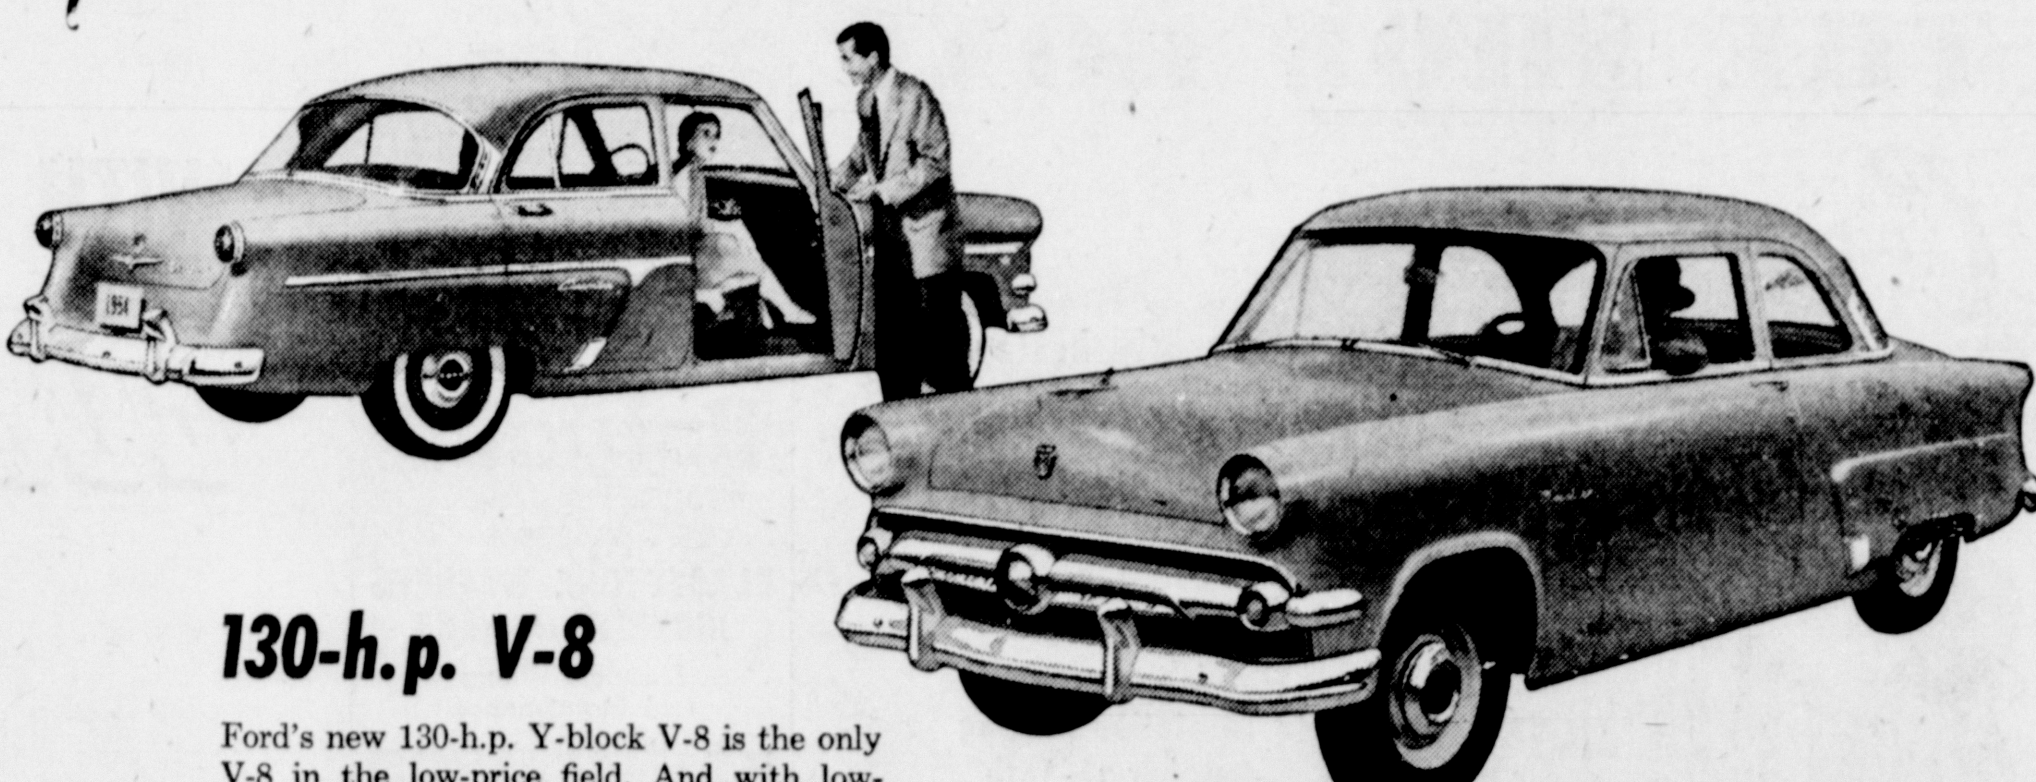

Physicians at the U. S. Public Health Service hospital here said none of the 11 survivors was in serious condition.

The Coast Guard called off the search for other survivors yesterday.

The number of one-room schools in the United States has shrunk from 196,000 in 1917-18 to 45,000 today.

## Survey Attacks State Care Of Dependent, Neglected Youth

PHILADELPHIA (AP)—A survey of Pennsylvania's juvenile detention homes reported today that dependent and neglected children are being locked up side by side with delinquents in many cases.

"To keep a young child who has just experienced the shock of losing his parents in a barred detention home is an atrocity which no civilized community should tolerate," said the survey by the penal affairs division of the Pennsylvania Citizens Assn.

The division conducted an on-the-spot survey of juvenile detention homes in 31 of Pennsylvania's 67 counties. Its report claimed the treatment to dependent and neglected children was one of the major abuses.

The survey said during the 12-month period of the survey, 2,450 children were detained.

Few Meet Requirements  
The report of the survey team said scarcely any detention home in Pennsylvania meets minimum requirements of a program of rehabilitation for the children. The homes are set up to provide temporary living quarters for delinquents awaiting action by the juvenile court.

The division maintained that even relatively few of the delinquent children have to be kept in such secure custody.

The survey also discovered, the report said, that children under 16 years of age are being detained

# HISTORY AND SLM MARGIN ARE ENOUGH TO WORRY GOP

By JAMES MARLOW

WASHINGTON (AP)—History and their own slim majority in both houses are enough to make the Republicans worry about the outcome of the Nov. 2 congressional elections. Worried they seem to be. A squad of Republican leaders descended on President Eisenhower's vacation spot last week for a conference. Afterwards it was learned Eisenhower will make more speeches than he seems to have intended.

Thirty-seven Senate seats and 432 House seats are at stake in November. Maine has already elected a Republican senator and three House members.

Margin Of Two  
Going into these elections for a new Congress, the Republicans in the present Congress have a margin of only two Senate seats over the Democrats and a margin of only three in the House.

In a presidential election year, when a party's candidate wins the White House through his own wide popularity, a number of his party's candidates for Congress ride in on his coattails.

Eisenhower's sensational victory in 1952 has been credited with sweeping his Republicans into control of House and Senate although even at that they barely made it in both places.

Can't Be Much  
But, since this is a mid-term election and Eisenhower's name won't be on the ballot, they'll have to depend on themselves, their party's record and such help as the party and Eisenhower can give them.

Knowing their edge in both houses is paper-thin, they know also that traditionally in a mid-term election the party controlling

## Lanza Going Back To TV To Sing

HOLLYWOOD (AP)—Mario Lanza is going back on television—this time to sing.

Columbia Broadcasting System announced that the famous tenor will sing Oct. 28 on its "Shower of Stars" show. He was on it Sept. 30, but only mouthed the words as his two-year-old records "voiced" them.

He explained later that he had been on a reducing diet and had been advised by doctors not to strain himself by singing.

### FIRST NEGRO JUDGE

LANSING, Mich. (AP)—Michigan's Circuit Court bench is going to have its first Negro judge.

He is Wade H. McCree Jr., 34, Detroit lawyer. McCree was appointed by Democratic Gov. G. Mennen Williams Friday night to the second highest judiciary in the state. Only the state Supreme Court is higher.

Congress loses strength.  
They can't afford to lose much this year without losing control of Congress.

Often Lose In Mid-Term  
Nine times in the 10 mid-term elections since 1914 the party with a majority in the House lost some seats. The exception was 1934 when the Democrats picked up strength.

President Roosevelt, elected two years before, had just begun to get his New Deal rolling.

Three times in those 10 mid-term elections the party controlling the House lost control of it; the Democrats lost it in 1918 (Democratic President Wilson was in the White House); the Republicans lost it in 1930, in the last half of Republican President Hoover's term; and the Democrats lost it again in 1946 when Democrat Harry Truman was president.

Eight times in those 10 mid-term elections the party controlling the Senate lost seats and twice lost control of the Senate altogether; in 1918 and 1946.

The owl cannot move its eyes in their sockets.

# BOWLES SAYS WON'T YIELD NAAWP PAPERS

By BILL LOFTUS

MILFORD, Del. (AP)—Bryant Bowles, under arrest on charges of conspiring to break Delaware's education law, said today his segregation organization will refuse to turn over all of its financial records to the state attorney general.

"I'll turn these records over to any authorized court that requests them," Bowles said, "but I'll not turn them over to the attorney general."

"Besides, trying to get the records of all the chartered organizations in the different states on such short notice is impossible."

### To Confer Today

Bowles referred to subpoenas issued last Friday by State Atty. Gen. H. Albert Young calling on the National Assn. for the Advancement of White People (NAAWP) to hand over the data on their finances and operations.

The NAAWP officials were scheduled to meet with Young in his office in the nearby state capital of Dover today.

Bowles, a 34-year-old Marine Corps veteran, faces other troubles in his fight against the U.S. Supreme Court antisegregation edict. He was arrested twice yesterday on charges of conspiring

to violate the state education law by leading a boycott of Milford's high school, where 11 Negroes were admitted to classes last month for the first time.

### Free Under Bond

He is free under \$6,000 bond for a Nov. 3 hearing at Dover. The charges, a misdemeanor, carry penalties of up to \$500 each or a prison term if the fines are not paid.

Two news photographers covering an NAAWP mass meeting yesterday were cornered for 20 minutes by a crowd and relieved of some film.

Late Saturday, the state took another step in its growing battle against the NAAWP when Gov. J. Caleb Boggs ordered Bowles arrested on the conspiracy charges.

As a result of the boycott, the Milford School Board ordered the pupils transferred to an all-Negro high school in Dover 18 miles north of here, but the Negroes, in turn, boycotted these classes.

### Cameramen Cornered

The two photographers at the airport were cornered by the noisy crowd, which hurled insults, demanded their film and called for "an explanation of your position."

The ringleaders told the photographers, Warren Winterbottom of The Associated Press and Walter E. Dombrow of the Columbia Broadcasting System, to climb onto a truck platform and speak over the public address system.

Both men refused but the CBS man eventually intoned the pledge of allegiance to the flag.

"They called out, 'Show our side once in a while,' 'You always show

the worst side,' 'You're playing the Communist game' and other things not so polite," said Dombrow. "They ripped my shirt a bit, taking off a few buttons."

### No Rough Treatment

Winterbottom described the crowd as boisterous but not outright disorderly. He said he and Dombrow were surrounded for about 20 minutes but added he was not given rough physical treatment.

The AP cameraman said he was forced to give up an empty photographic plate holder. He said he was able to get a shot of Bowles being served with the warrant before the crowd closed in on him.

Bowles was arrested yesterday by a state police detail at the Harrington Airport, eight miles west of here, while an alternately jeering and cheering crowd stood by. They cheered when the plane bringing him from Washington, D.C., landed and they jeered when he was served with the warrant and he was taken to Dover for the first of two arraignments.

### Posts \$3,000 Bond

He posted \$3,000 bond there and then was brought to Milford for a second arraignment and posted another \$3,000 bond. Both bonds were signed by local property owners who used their real estate as collateral.

Legal authorities said the two arraignments were carried out in different counties—Kent and Sussex—because the Milford school district straddles these counties and pupils from both are among the 1,562 enrolled at the all-white school.

## Fire In Water Main Tunnel Traps 9 Men

BOSTON (AP)—Fire in a water main tunnel under construction trapped nine workmen 400 feet underground for 2½ hours last night but all were brought up unharmed.

The fire did not affect the tunnel ventilation system.

"Naturally we were scared," said Donald E. Sneed, 40, of suburban Everett, foreman of the crew, "but there was no panic at any time."

The fire evidently was started by a short circuit in a battery-powered car used to haul rock.
